### A Sale of About 100 Model D

## Ru-Stella Phonographs

(Macy's former price \$89.50)

Compare favorably with similar machines selling elsewhere on "terms" at \$150.00 and more.

A few months ago we designed a new model Ru-Stella, to take the place of our present Model D. The changes made were mainly in design.

At that time we had a large number of Model D machines on hand, but because it was our most popular model and because they were selling rapidly, we expected that they would all be sold by the time the new models arrived.

#### The New Models Are Now Here

But because of a backward season, due entirely to weather conditions, we still have about 100 Model D machines in our warehouses. Not many, to be sure, nevertheless we want to clear them out. So we offer them to music lovers at a SAVING of \$15.00 on each machine.

Each one is guaranteed and kept in repair by R. H. MACY & CO., Inc., for 2 years. Most of them finished in fine grain genuine mahogany; some in fumed or golden oak.

Each one equipped with the Master made horn, the universal tone arm that plays all records and the double spring Ru-Stella motor which has stood up so well in all of our machines.

Size of cabinet—Height 46 in., Width 19 in., Depth 20 3/4 in. Machines of this size and tonal quality sell for \$150.00 and more on "installments" elsewhere. At \$74.50 it is no longer necessary to buy "on terms." PAY CASH AND OWN THE MACHINE.
